The Signature Collection

A front door speaks volumes about a property. Now you can make even more of a statement with our range of Signature furniture suites that can transform your door into a real property feature.

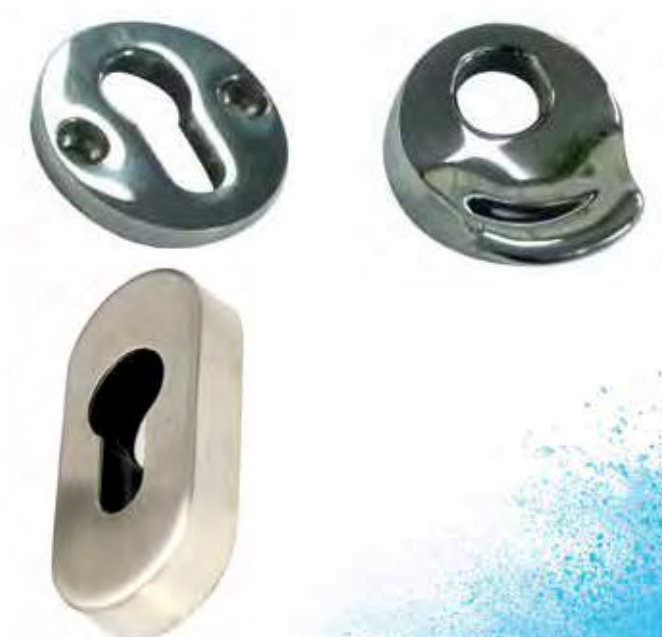

Choose from the Long Bar suite, the ultra-modern Square suite, the elegant Bow Handle suite, our Handleless option, or the timeless Classic suite.

These hardware choices are undeniably elegant, but also incredibly hard wearing. Crafted from stainless steel, they will endure the demands of the British weather and everyday use season after season.

See Page 64 for the full Signature furniture guide.

Please note: All hardware shown is for illustration purposes only.

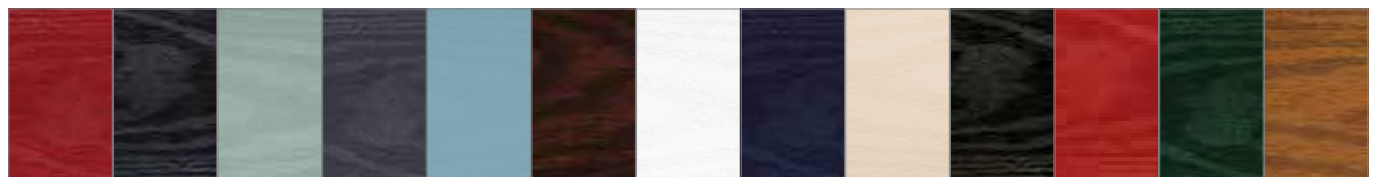

Unless you choose handles on both sides (available on Long Bar, Square Bar and Bow handles) your contemporary range door will feature a pull escutcheon on the inside.

Please note: All hardware shown is for illustration purposes only.

Satin Glass

Due to popular demand, we've added Satin Glass to our 'pattern glass' range. It's the perfect door glazing option for modern and contemporary properties.

Please note: All hardware shown is for illustration purposes only.

A close-up photograph of a door with a dark, textured wood-grain finish. The grain is vertical and runs diagonally across the frame. A metallic, cylindrical handle is visible in the lower right foreground, partially obscuring the door's surface.

Black-Brown Doors

We've created this new door colour, to better match the in-demand black brown foiled outer frame, as pictured here. This colour is exclusive to genuine Signature Collection doors.

Please note: All hardware shown is for illustration purposes only.

- Secured by Design upgrade available on request
- Full colour range
- Maximum size 1000mm x 2100mm (overall size subject to design)

All warranties are subject to approval and in conjunction with Pearl Window Systems terms and conditions of sale.

PERFECT COMBINATION

Composite Doors are made from a variety of materials, including uPVC, wood, insulating foam and glass reinforced plastic (GRP). This combination of materials results in a very strong and secure door. The Signature Collection composite doors have a high resistance to weathering and don't react to seasonal changes like a singular material door would. The insulation foam core provides a higher thermal resistance than timber doors. The Signature Collection composite doors are designed with an attractive woodgrain appearance but, because of the materials used, they won't fade or discolour – and neither will they need painting, and don't warp in damp conditions.

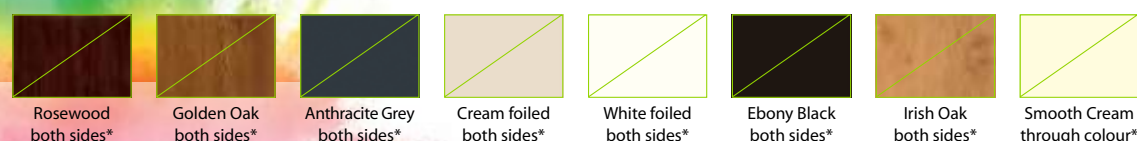

STRONG AND SECURE

Whether your home is a rural retreat or on a busy main road, a The Signature Collection composite door guarantees low maintenance with secure and enduring performance. If you are seeking to replace an existing door or add some character to your property, The Signature Collection is sure to have a solution. The Signature Collection composite doors are not only aesthetically pleasing and lead-free but have been designed with security in mind.

WIDE CHOICE OF COLOURS

Composite doors are available in a wide range of colour options to give your home a stunning appearance. Colour options for both the door and the frame include White, Cream, Rosewood, Light Oak, and Irish Oak, as well as Grey, Black and Chartwell Green.

COLOURS

Bespoke Colour Options

Colours marked * are from our standard collection in featured profile, all other colours are subject to price and availability on application. Please note: colours are for illustration purposes, for an exact example please ask your sales representative for a Renolit swatch sample. Choose from a wide variety of colour options including: White, Rosewood, Cream, Light Oak, Chartwell Green, Grey and classic Ebony Black. The Signature Collection products are also offered in a wide choice of bespoke colours, please see Renolit foil book, (subject to availability and price on application only). Please note: Ebony Black both sides patios and bi-folds are subject to lead time.

Please note: All hardware shown is for illustration purposes only.

Extendable 10 Year Mechanical Warranty

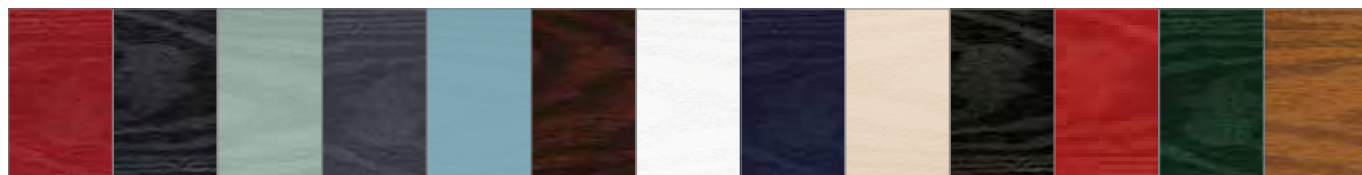

Available by request is an extendable 10 year mechanical warranty. See your sales representative for more details.

A photograph of a modern grey door with a vertical glass panel and a square bar handle, set in a stone wall. The door is framed by a light-colored concrete surround. Above the door is a small square window with a dark frame. The wall is made of rough-hewn stone blocks. To the left of the door is a wooden bench, and to the right is a potted tree. The ground is covered in gravel with three concrete steps leading up to the door.

Hurricane Tested

The average rainfall in the UK is between 700mm a year in East Anglia and 3,000mm a year in the Scottish Highlands.* So we've designed our doors to be fully protected against extreme weather conditions.

The Signature Collection doors are tested in a pressurized chamber to simulate gusting winds starting at 63 miles an hour and up to 80 miles an hour – that's stronger than a hurricane. Then they are tested further by spraying two litres of water every minute directly at the door in their test chamber – that's a serious amount of rain. So even when it's cats and dogs out there, your door will keep you snug and dry.

WATERTIGHTNESS

Tested in accordance with

BSEN 1027

AIR PERMEABILITY

Tested in accordance with

BSEN 1026

WIND RESISTANCE

Tested in accordance with

BSEN 12211

*Meteorological Office Statistics.

Solid Grids

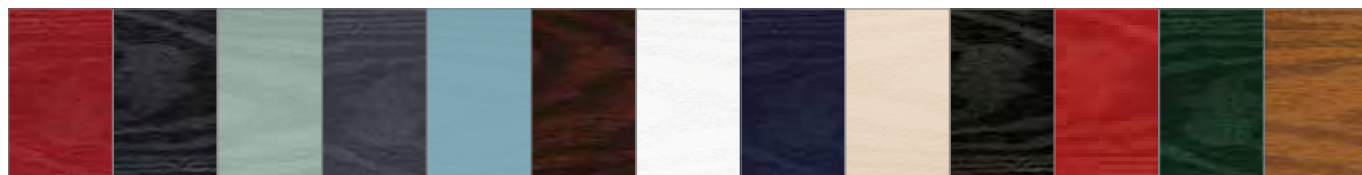

The Signature Collection 2 panel 1 grid door design can feature a glazed unit with a solid internal grid. So when your eye glances across the glazed panel you don't see the inside of a glazing cassette, you see the effect that you would get if the door had 9 separate pieces of glass.

Don't Replace – Reglaze

With our patented reglazable cassette system, changing the glass does not mean replacing the door – for whatever reason. We've made it easy to reglaze without any impact on the door or the cassette. In the event of the unexpected, or the glass units simply break down and go misty. So no drama, no fuss and no brand new door required.

Our cassette is also colour injection moulded to match your door – and fully accredited to tough BS:EN 6375 and PAS24 security standards.

Planet Friendly

The Signature Collection Doors were the first ever to be certified with an energy rating, and a bespoke energy certificate is issued with every door we make. Whilst the requirement in the UK is to be G rated or better,* any door we make can be configured to achieve a rating between A++ and D. The energy saving you feel can be enhanced further with the thermal glass upgrade option.

GRP – THE LONGEST PRODUCT LIFE SPAN

Door Type	Expected Life	Maintenance
Softwood Door	25 Years	Paint, 5 Years
Hardwood Door	35 Years	Paint, 5 Years
Steel Composite Door	30 Years	Wipe Clean
PVC Composite Door	25 Years	Wipe Clean
GRP Composite Door	35 Years	Wipe Clean
PVC Panel Door	20 Years	Wipe Clean
